

We're committed to providing high product quality and service that exceeds our customers' expectations.

## Added protection

Total Rope Solutions stock a full range of covered wire rope in a complete range of coatings including PVC, Polypropylene and Nylon as well as special coatings which we can arrange on request.

We supply both galvanised and stainless steel coated wire rope and a wide range of covered wire rope is available from stock. Our PVC coated rope is manufactured to the highest uPVC stabilization factors to ensure less fading and maximum colour lifespan in use.
