

We're committed to providing high product quality and service that exceeds our customers' expectations.

There's no excuse for poor safety

Total Rope Solutions have an extensive "work" range of safety products from standard personal protective equipment (PPE) through to more specialist working at height equipment.

Our high access products are not just for work related applications, we have a "professional / leisure" range covering other non-industrial environments.

For all your quality safety requirements of: general PPE, many types of harnesses, lanyards, flip lines, fall arrest blocks, climbing ropes and equipment please call our sales team.
