

We're committed to providing high product quality and service that exceeds our customers' expectations.

Protection from the elements

At Total Rope Solutions we realise that our customers need a wide range of stainless steel wire rope and fittings. So we hold one of the largest stock levels in the UK.

We can offer all our customers quality products and excellent service at a competitive price.

We stock ropes from 1mm up to 26mm. All ropes are manufactured to the relevant BSEN Standards and come with test certificates.
