

We're committed to providing high product quality and service that exceeds our customers' expectations.

Safe lifting with our Duplex webbing slings and roundslings

We stock a complete range of roundslings and webbing slings available in standard and bespoke lengths. From 1 tonne to 20 tonnes and larger tonnages available on request.

All our lifting slings are available in a variety of lengths and working load limits and are clearly marked. We offer a full range of wear sleeves. All slings are manufactured to BSEN 1492:1 and 1492:2. We supply test certificates with all our products and offer a full testing and inspection service where necessary.
